

PASS Promise

As a Parent Ambassador for Sports Safety, I promise:

To be knowledgeable in sports safety requirements and standards
in my community

To help identify areas of improvement for youth sports safety
within my community

To do my best in encouraging others to commit to higher
standards in sports safety education so that not only my child, but
every child throughout my community is safe

To tell my friends, family and others in my community about my
commitment to sports safety education

To ensure that my child's coach, as well as local league
administrators, understand the necessity of sports safety
education
