

# Help Make Youth Sports Safer In Our Community

## What Is the National Center For Sports Safety (NCSS?)

The NCSS was founded in 2001 to promote the importance of injury prevention and safety on all levels of youth sports through education and research.

## Why the NCSS Needs Your Support

Youth safety can't be compromised for a minute or even a second. The NCSS needs to help ensure that the children in our community are safe—our coaches need to be educated with **PREPARE!**

## What is PREPARE?

**PREPARE** is an online sports safety education course aimed at educating coaches on topics dealing with injury prevention and emergency response. The course costs \$36 per participant for Level 1 and \$5 for Level 2. Upon completion, participants receive a Certificate of Completion, a Sports Safety patch and their name is added to the National Center for Sports Safety's National Coaches Registry.

## Why You Need To Get Involved

Our children deserve coaches who are **PREPARED** for the unexpected on the playing field. The NCSS needs your help to ensure that coaches in our community have been sports safety educated.

## Benefits of Sponsorship

Set your organization apart from others in the community as leaders in the commitment for high standards in youth sports! You will receive a Sports Safety Sponsor Certificate that can be displayed at your business. Plus, when your business agrees to sponsor a coach in your community, the NCSS will offer a discount on the price of the **PREPARE** course.

## Agreement of Sponsorship *(Please Print)*

I, \_\_\_\_\_ act as a representative of \_\_\_\_\_ (name of organization) promise to be committed to “**Raising the Standard**” of coaching safety education within my community. I will provide sponsorship so that coaches in my community may become sports safety educated through the **PREPARE** course.
